Objective:

Computer Science and Engineering undergraduate with hands-on experience in web development and a strong interest in problem-solving. Actively engaged in coding practice, with a quick learning ability, adaptability, and strong teamwork skills. Seeking to leverage my skills in a challenging and growth-focused environment.

Area of Interest:

- Web Development
- Data Structures & Algorithms

Education:

- **Bachelor of Engineering in Computer Science and Engineering** | Dr. Mahalingam College of Engineering and Technology, Pollachi | **2023- Present** | **9.4**
- **AISSCE** | Keren Public Schools, Madurai | **CBSE** | **2023** | **91%**
- **AISSE** | Keren Public Schools, Madurai | **CBSE** | **2021** | **93%**

Skills:

Technical Skills:

- **Programming Languages:** Java, C
- **Database & Tools:** MySQL, MongoDB, GitHub, VS Code, Canva, WordPress
- **Web Technologies:** HTML5, CSS3, JS

Soft Skills:

- Communication
- Problem-Solving
- Quick learner
- Team Collaboration

Projects:

Farmer Consumer Dashboard

March 2024 - April 2024

- Developed a full-stack web application connecting farmers and consumers for seamless order management and communication with role-based dashboards for farmers and consumers with order placement and feedback features.

Zepto Clone

July 2025

- Built a quick-commerce web application enabling users to browse products, add items to cart, and place orders efficiently and integrated MongoDB to manage product data, users, and orders effectively.

Productivity Suite

August 2025

- Developed a responsive all-in-one productivity web app for students featuring a customizable study timer, task-based to-do list, and flashcards to efficiently manage study time, tasks, and learning materials.

Internships:

KEVELL CORP - Frontend Development Intern, Madurai

June 2025

- Designed and developed responsive user interfaces using web technologies, ensuring consistent performance across browsers and devices.

Yebsys (CIBIE) - Web Development Intern, Dr. MCET College, Pollachi

August 2024 - December 2025

- Developed and maintained WordPress-based websites with a focus on responsive design and performance optimization.

Certifications:

- Product and Brand Management – *NPTEL* | November 2024
- HTML and CSS in Depth – *Meta (Coursera)* | September 2024
- Linguaskill Business – *Cambridge English* | June 2024
- Problem Solving Through Programming in C – *NPTEL* | April 2024
- Introduction to Front-End Development – *Meta (Coursera)* | March 2024
- Graduate Aptitude Test in Engineering (GATE) 2026 - Computer Science

Achievements:

- Qualified GATE 2026 in Computer Science with a score of 439
- Achieved C1 (Advanced) proficiency with a high score in the Linguaskill Business exam conducted by Cambridge English
- Won 2nd prize in Tech Marathon (Intra-college coding competition)
